600 X 600 CLEAR OPENING
900 X 600 CLEAR OPENING
Hinged & bolted to frame

PATENT PRODUCTS
Fig 69 Replacement Gully Grate to AS 3996

- Features an angle front bar to rest on the front stone of the gully pit
- Saves time and labour costs
- The angle front bar eliminates the chance of any gap between the grate and front stone for bicycle wheel penetration.
- It is desirable to remove 10mm deep x 50mm wide from the pit top edge to allow the grate to fit flush
